FOREST LIVE CONCERTS 2024

I'm writing to let you know some details about our Forest Live Concerts this summer.

Sherwood

Fri 21 Jun Nile Rodgers & CHIC
Sat 22 Jun Anne-Marie
Sun 23 Jun Sting

Sherwood

We will again be using the main visitor centre car park for parking along with a additional field located near the Forestry England office. The drop-off/pick-point will be located in one the car park nearest to the main entrance. We will place 'No Waiting Cones' and 'Residents only' signage in key locations in the surrounding area.

This year we will be using a secondary exit route from the venue via Deerdale Lane to the A614. This route would only for a limited number of vehicles for a short period between approximately 2230 and midnight each evening. Our traffic management company will be installing traffic light on junction between Deerdale Lane and the A614 to ensure traffic can exit safely. Our traffic management company will ensure that emergency access is maintained at all times.

- We will have a CROW exclusion order in place which removes the public right of access into the woodlands over the concert weekend. Notices will be placed on the site prior to, and during, the concerts to inform the public.
- A local resident help line number (01623 859 061) will be available on the evenings of the concerts from 5pm till midnight. Please use this number on show days rather than any other direct contacts you may have to ensure we can answer your call and respond in the most appropriate way.

Sound checks

As with all music events it is necessary for sound checks to take place prior to the live performance. We will do our best to ensure that the sound checks do not take longer than necessary.

PA system tests will take place on the day before the concerts between 1pm and 7pm. On show days tests will take place between 10am and 1pm and sound checks will take place between 1pm and 6pm. These times will vary according to when the band arrives and is set-up on stage.

Indicative Daily Running order

Car parks open	4:30pm
Gates	5pm
Live music approx..	7pm
Support act	8pm to 8.30pm
Main act	9pm - 10.30pm
Finish	11pm

If you require any further information please contact us on the e-mail address below. We are always grateful for your feedback during and after our events, to help us understand any issues and improve year on year. The best way to give us feedback is to e-mail us at sherwood.fdo@forestryengland.uk

Yours sincerely,

Rob Lamb
